

COURTNEY MENU

Interior Designer,
LEED Green Associate

ABOUT ME

With roots in a western Canadian upbringing and a love of travel, I bring curiosity and a sense of adventure into the design process. By layering spaces with color, texture, pattern, different styles, and history, I create multi-faceted interiors. Defining my own personal style as "bohemian minimal" I also value a critical editing eye. My priority in any project is teamwork and collaboration. I bring an upbeat, sometimes quirky, and always professional attitude to the team.

When I'm not designing you can find me teaching or practicing yoga, knitting a scarf or dreaming of owning a dog.
